

Out in Nature

With so much to do outdoors in our region the highlights would be: Pigeon House Mountain at sunrise, Narrawallee Inlet for a SUP board, Mollymook Beach for a surf lesson, A [free dive experience](#) in Jervis Bay, guided walks across the area finishing all these with a styled picnic back at the property to kickback and relax.

Under the stars

An outdoor [cinema experience](#) that sets up with rugs, chairs, the big screen, surround sound and of course the popcorn machine is a must do for a group experience in house. Perfect for families and retreats, you choose the movies with individual sweet or savoury hampers the perfect add on. Surprise your crew with a gelato to enjoy from the [Gelato Bike](#) guys!

Creative Workshops

If its a girls weekend away then a [floristry workshop](#) is a delightful opportunity. Another offering is a [natural organic skincare](#) workshop. This half day session will offer knowledge and give you the freedom to design some products that you will have to enjoy after the session. A lovely way to spend the morning is with a food foraging session, followed by a cooking class back at the property. Finish with a good glass of wine and a menu created for a late lunch in the garden. Just across a few paddocks there is the Milton Chocolate Workshops. Join one of these fun engaging workshops with your group.

Lets not forget

A trip to neighbouring Mollymook is perfect for some beach time, anytime. Duck into town for a coffee and a vege burger at Pilgrims Cafe and wander through the town of eclectic shops, with the side streets offering lovely surprises.

If you have just thought... I want it all but where do I begin! Get intouch with Kate at [South Coast Experiences](#) and she can design the itinerary of your dreams that works for you and your stay.
